

BluePeak Anesthesia Services

Capabilities Overview · Anesthesia Management · Staffing · Consulting
Milton, Pennsylvania · Serving PA & the Mid-Atlantic

WHO WE ARE

BluePeak Anesthesia Services LLC is an independently owned, founder-led anesthesia firm serving hospitals, ambulatory surgery centers, and office-based clinics. We are exclusively focused on anesthesia — pairing 20+ years of perioperative and CRNA leadership with doctoral-level healthcare operations research and disciplined financial management.

SERVICES

- **Full-Service Anesthesia Management** — leadership, scheduling, compliance, credentialing, analytics, and financial optimization.
- **Recruiting & Staffing** — locum tenens, permanent placement, and executive search for CRNAs and anesthesiologists.
- **Consulting** — program analysis, OR efficiency, staffing models, leadership mentoring, and KPI-driven improvement.
- **Integrated & Advisory** — pre-op assessment, post-op pain management, on-call coverage, equipment & supply advisory.

LEADERSHIP TRACK RECORD (PRIOR ROLES & RESEARCH)

- **Block utilization 58% → 80%** and >95% on-time starts across a six-hospital perioperative region.
- **CRNA workforce 32 → 52 FTEs** in 21 months with zero locum dependence; a second region grew 56 → 72 in 8 months.
- **OR staff vacancies 45% → 4%** with staffing productivity within 0.6% of budget region-wide.
- **PACU/OR holds reduced 98%** through multidisciplinary flow redesign and fast-track processes.
- **\$13M in scheduling inefficiencies** identified via AI-enabled OR efficiency review, plus \$65M in opportunity costs.
- **Scheduling accuracy 32% → 77%** in peer-reviewed research across 22,600+ surgical cases (Virginia Tech).

Results achieved by BluePeak's founders in prior health-system leadership and research roles; presented as evidence of methodology.

WHY FACILITIES CHOOSE BLUEPEAK

- **Single-specialty focus.** Anesthesia is all we do — no dilution across other service lines.
- **Founder-led.** Direct access to decision-makers: a practicing board-certified CRNA executive and an MBA operations researcher.
- **Flexible structures.** Hourly, stipend, and comprehensive management models; collaborative options with existing teams.
- **Risk & compliance built in.** Provider malpractice coverage, primary-source credentialing, HIPAA-aligned workflows.
